

Autumn 1 - Year 1

It's Good to be me!

RE

We will be focusing on the revelation of Creation which is the first step towards the covenant God forges with his people.

The children will consider how the world exists and how all that is came to be. Children will hear the opening of the Nicene Creed as they express the belief that all the is comes from God.

English

Reading

- We will be using an inside out approach to reading, where we look at a story in depth
- We will be building vocabulary using chosen star words

Writing

- We will be recapping previously taught phonics and we will be securing our knowledge of the alphabet.
- The children will be using their knowledge of phonics to help them to spell words.
- The children will be developing their knowledge of a sentence.
- They will understand the importance of planning sentences out loud before writing them down.
- They will continue to practice correct letter formation by focussing on holding a pencil correctly and sitting correctly at the table.

PSHE/RSE

We will be talking about how we can make our classroom a welcoming and safe place.

We will understanding our choices that we make and understand that actions have consequences.

Maths

- The children will be learning to sort and count numbers.
- They will investigate representing numbers in different ways.
- They will count forwards and backwards.
- They will find one more and one less than a given number.
- They will compare numbers using greater than, less than and equal to.
- The children will learn to order numbers using a number line.
- They will investigate and use number bonds.
- The children will use the addition and equals symbols

Science - Animals including Humans

The children will take part in a series of practical investigations to support them to:

- Identify, name, draw and label the basic parts of the human body
- Say which part of the body is associated with each sense.
- Identify common animals and we will learn how we are different from other animals

Computing

- Children will develop their understanding of technology and how it can help them in their everyday lives. Developing their keyboard and mouse skills and talking about how to use technology responsibly.

Geography

- The children will use photographs and observations to identify different areas within the school. They will label these different areas using symbols. The children will devise their own simple map that includes their school and grounds.

History

- We will learn about the history of toys and how toys from the past can compare to toys today.

Music

- The children will be exploring pulse and rhythm

PE

- Indoor PE:** The children will be learning to use a range of movement and balance in gymnastics and sequence them fluently.
- Outdoor PE:** They will develop their football skills in outdoor games.

Art - Drawing

- The children will be learning about the artist Frida Kahlo. They will create a self portrait using a range of materials.

DT - Moving Pictures

- To know a design is a plan or drawing produced to show the look and function of something.
- To know that a product is made with a purpose in mind.
